beautiful bespoke
bullnosed edging

Benefits of Vitripiazza flagstones

Vitripiazza flagstones are a full bodied porcelain, meaning that the entirety of each flagstone is made from high quality porcelain, as opposed to cheaper vitrified ceramic tiles or alternatives that may just have a porcelain layer on the surface. Not only do the Vitripiazza flagstones offer a varied colour blend that reflects natural products, they also provide home owners with the ultimate choice in durability, longevity and style as they are:

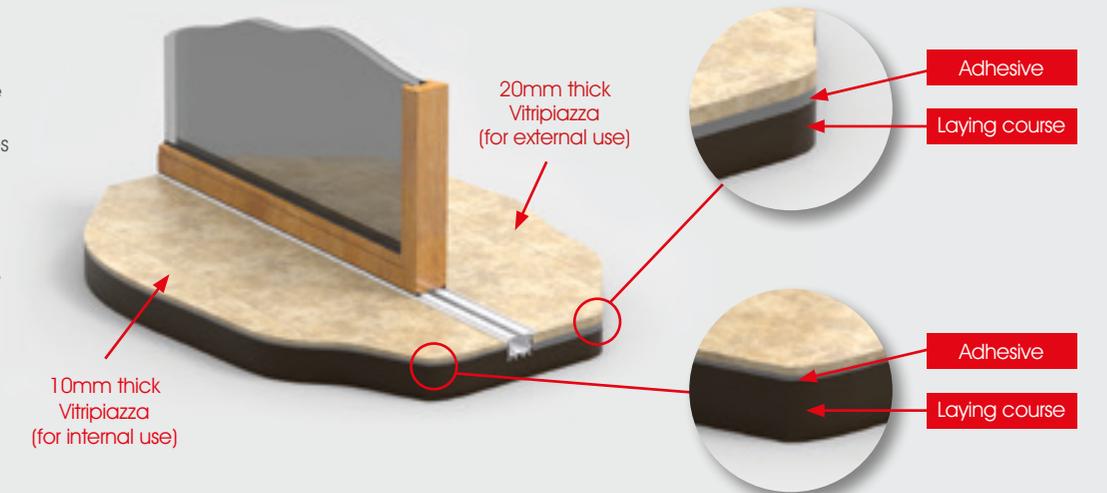

- ✔ Highly durable
- ✔ Resistant to salt
- ✔ Frost proof
- ✔ Resistant to attack from moss, mould and pesticides
- ✔ Non absorbent (<0.1%)
- ✔ Easy to clean

Bringing the outside in

The Vitripiazza range is available in 18mm - 30mm thick flagstones, designed for external use. To enable you to bring the outdoors in and create a flush finish from your garden into your home, some of the ranges have a matching 10mm thick floor tile, for internal use.

Please note:

The same products that are available in both 10mm and external use thicknesses may vary in surface finish. The 10mm internal use tiles are slightly smoother than their external equivalent flagstones, which are a little more textured as they are designed for external use.

Please note:

- All product sizes, weights and coverages stated throughout this brochure are nominal.
- We recommend that Vitripiazza is only installed using Pavetuf Priming Slurry and jointed with either our Jointing Mortar, Compound or Grout. If these products are not used for Vitripiazza installation purposes, the integrity of the paved system is outside our recommended guide and will forfeit any technical support.
- We advise that the installer mixes flagstones from multiple packs when installing any Vitripiazza product to avoid any potential colour banding. As Vitripiazza products are produced in batches, we advise that sufficient product for each project is purchased together and from the same batch, as there may be slight colour variations between different batches. Also mixing different size formats, different pack sizes and mixing from multiple packs may result in colour variations, so care needs to be taken when designing and ordering these products.

The Vitripiazza Collection

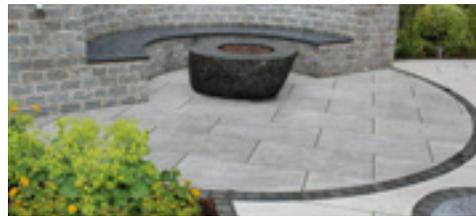

Colosso page 6

The Colosso range offers a showstopping 1200 x 1200mm flagstone in 4 colours, giving the ultimate wow factor.

Di Pietra page 8

A contemporary porcelain that reflects a natural stone effect in 6 colours with options for internal and external use.

Sabbia page 10

A travertine style finish, with a Mediterranean feel.

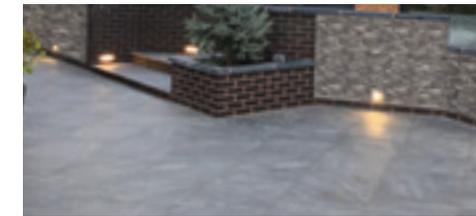

Almare page 24

A lightly textured and delicate porcelain with a random shale and fossil trace pattern in a choice of 3 colours.

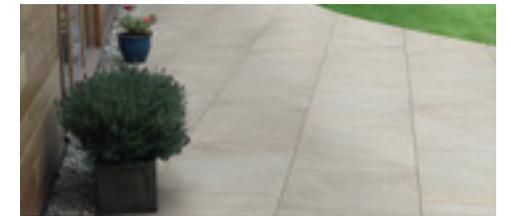

Anno page 26

In a square format, Anno offers a natural stone effect finish in a choice of 6 colours.

Bellezza page 28

A lightly textured natural stone effect porcelain, available in a choice of 3 colours.

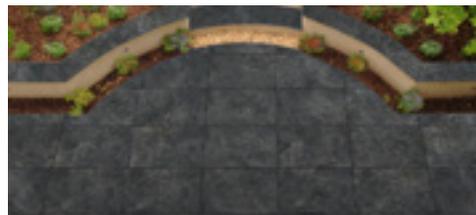

Albero page 12

Albero offers a natural timber look in a choice of 3 colours, which come in a plank size format.

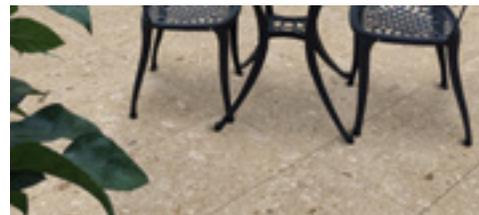

Sofia page 14

An opulent deep blue porcelain with a delicate vein effect.

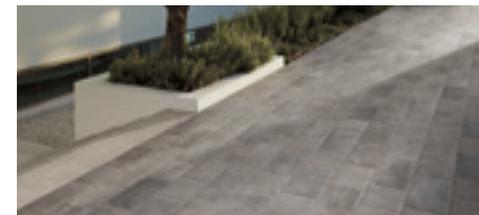

Flintana page 16

A unique porcelain with a highly detailed and textured flint like finish.

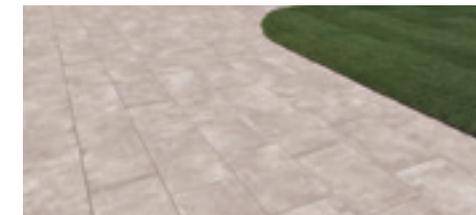

Romano page 30

For a unique and distinctive paved area, Romano provides a stunning cobble effect porcelain option, in a choice of 4 colours and 2 sizes.

Guidare page 32

A robust yet stunning 30mm thick porcelain option designed for driveways.

Mattoni page 34

A natural stone effect wall cladding for use inside and out, a perfect complement to a Di Pietra paved floor.

Modello page 18

Choose Modello to create a tradition paving pattern or a modern brick effect format.

Dellacava page 20

Full of rustic charm, Dellacava presents a weathered and antiqued style porcelain option in 3 colours.

Stile page 22

Stile creates a smooth modern and urban feel, that can flow from outside to in, with matching internal tiles.

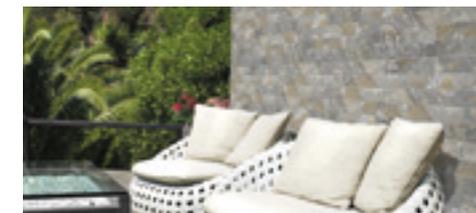

Rok page 36

An on trend and highly textured wall cladding for both internal and external use.

Nerali page 38

A riven and rich wall cladding for use internally and externally, in a choice of 4 colours.

Made to Order Service page 40

If you are looking for something different, look no further. We offer bespoke edgings, engravings, accessory pieces and cut to size products.

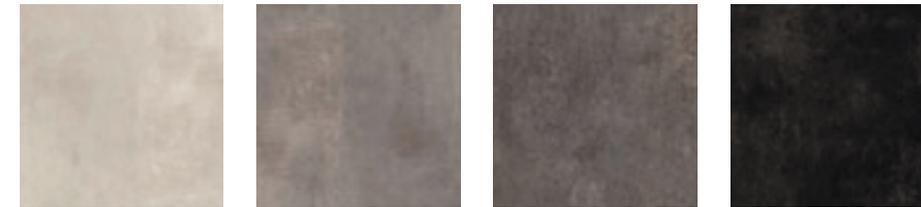

Colosso

MADE IN ITALY

Colosso is a chic and larger than life porcelain flagstone. A grand 1200 x 1200mm size format in a choice of 4 colours for a show stopping paved area.
