MAKING SPACE MORE VALUABLE

Balham

Technical Product Information Pack

Balham Range – Headline points to note

- Existing rigid cabinet system
- Two range colours – White & Dove Grey
- Aluminium profile system used (9 profile types for different applications)
- New 19mm chamfer door design
Specification: MDF, PET Wrapped and Edged (ABS)
- Majority of existing size frontals with two new height sizes (342mm & 170mm)
- 1200mm drawer front introduction
- New planning considerations (worktop elevated by 30mm)
- New kitchen installation manual (HJS9797) covering all Balham range profiles and features
- LH & RH Larder/Appliance Tower sales options (dictated by frontals used)
- Soft close drawers only
- New mid pan drawer for 2 drawer cabinet with lower back to enable internal drawer fitting
- New internal & external corner fillet/post designs
- Magnetic catch (push to open) req. for half height stacked units
- Appliance profile required for Ovens. Note: Also required on Bosch branded Dishwashers
- New 12mm décor ends

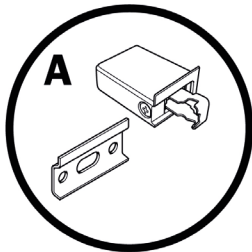

Planning Considerations

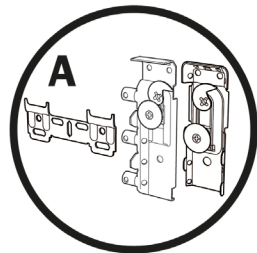

CONSIDERATIONS

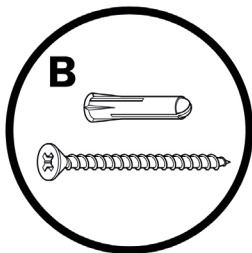

- Worktop height is elevated by 30mm due to the profile application compared to other kitchen ranges.
- Tower/larder applications require a 30mm spacing each side to allow for the profile fitting.
- Pelmet rail should not be used on this handle-less style kitchen range.
- Appliance/larder towers are left and right handed depending on the door opening preference.
- When fitting two half height cabinets on top of each other, the top opening door will require a magnetic catch – push to open.

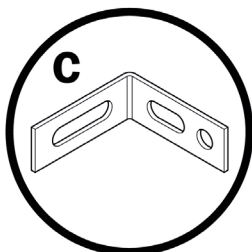

Wall hanging brackets

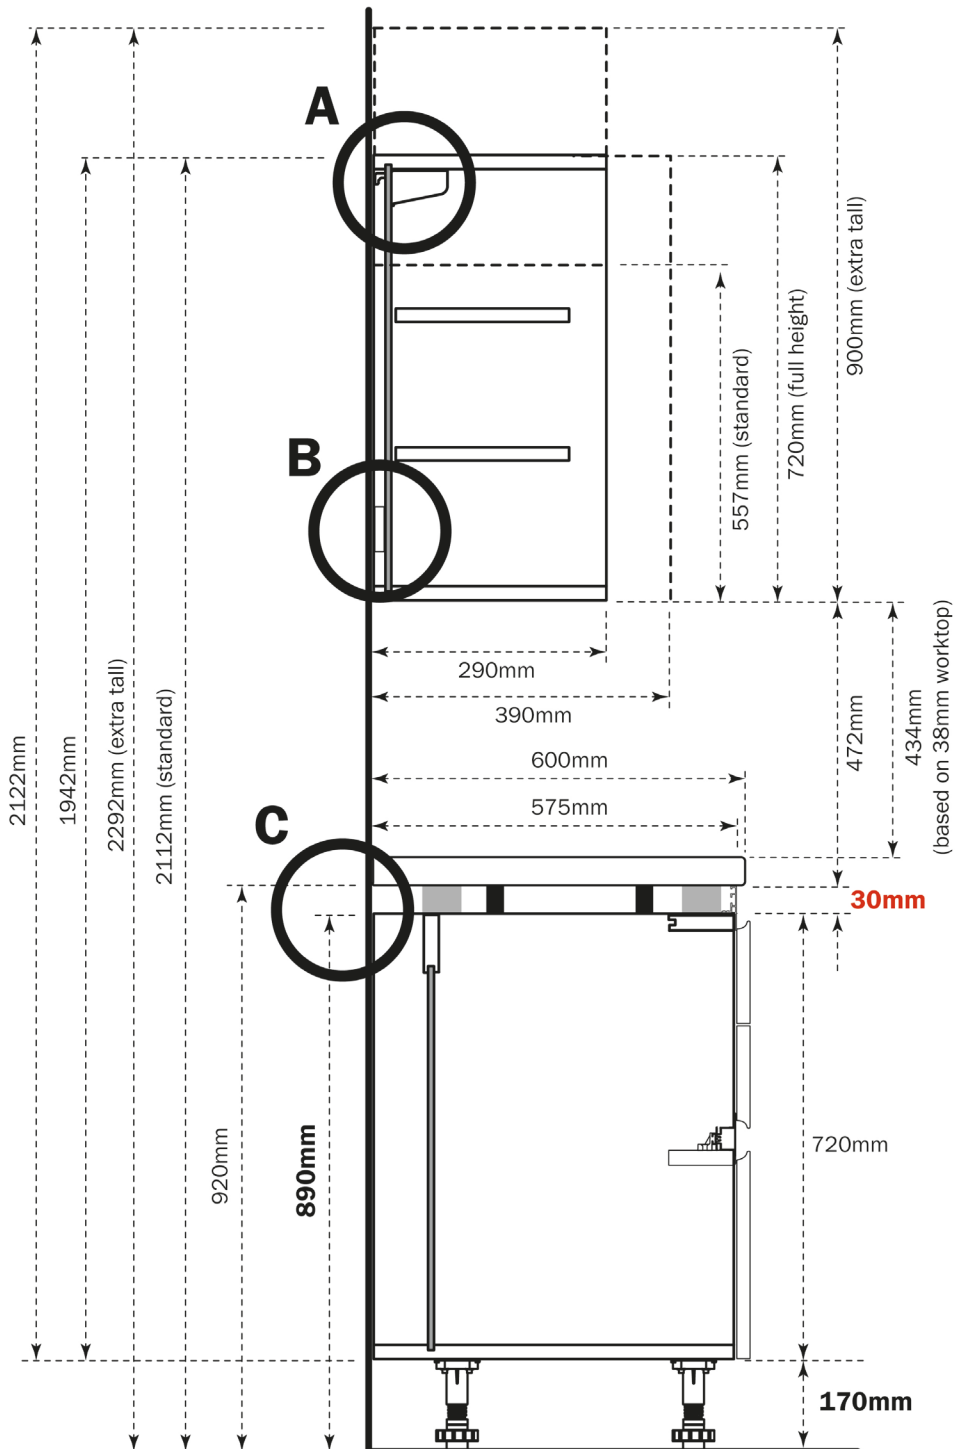

Concealed wall hanging bracket (deep wall only)

Wall fixings

Base cabinet fixing bracket

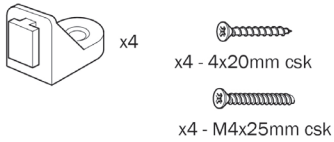

Planning Considerations

End Larder Profile

Length: 1942mm & 2122mm

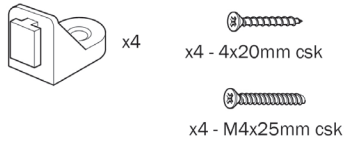

Fittings provided

Mid Larder Profile

Length: 1942mm & 2122mm

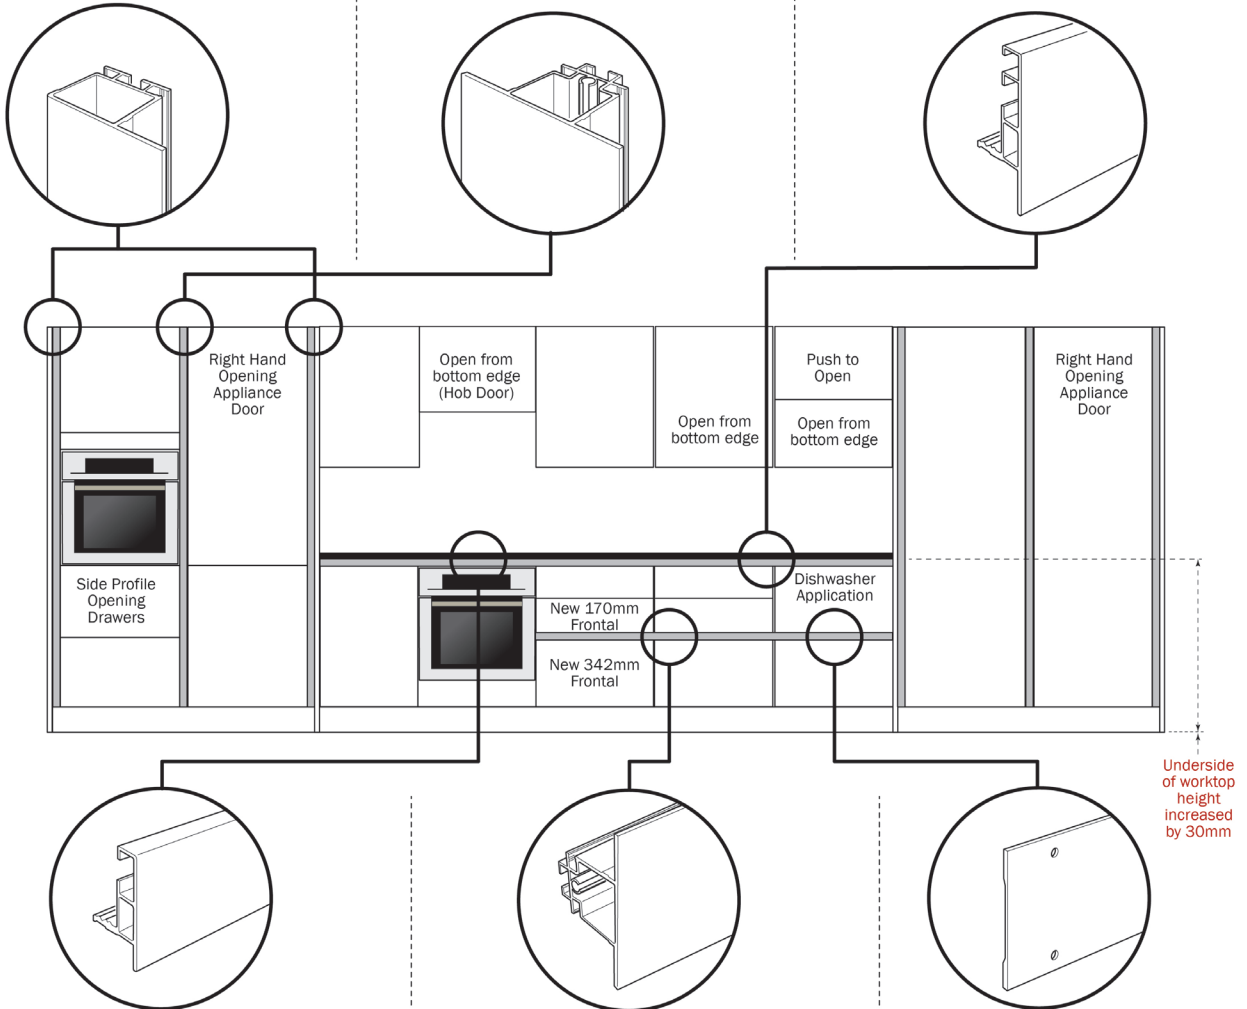

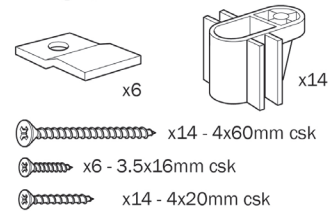

Fittings provided

Worktop Profile

Length: 3000mm

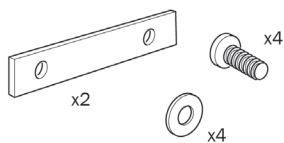

Fittings provided

Appliance Profile

Length: 600mm

Fittings provided

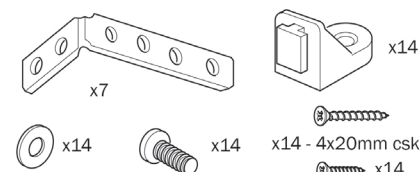

Drawer Profiles

Length: 3000mm

Length: 450mm

Fittings provided

Dummy Drawer Profile

Length: 595mm

Fittings provided

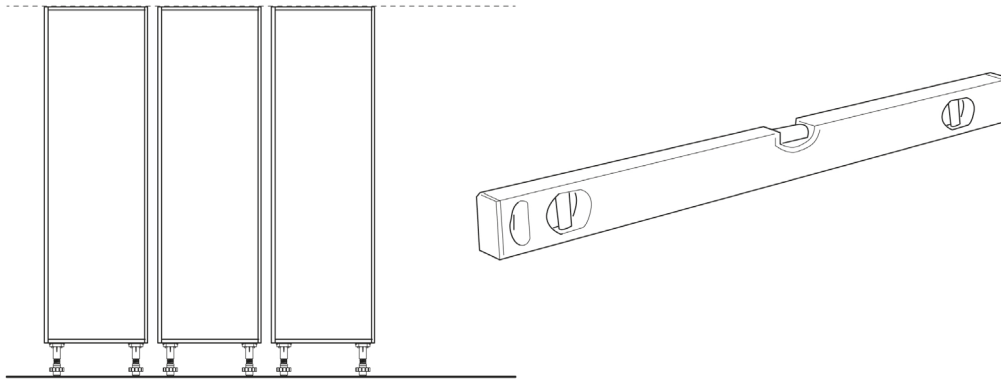

NOTE: Ensure the cutting tool is not blunt so the profile is not damaged when cutting.

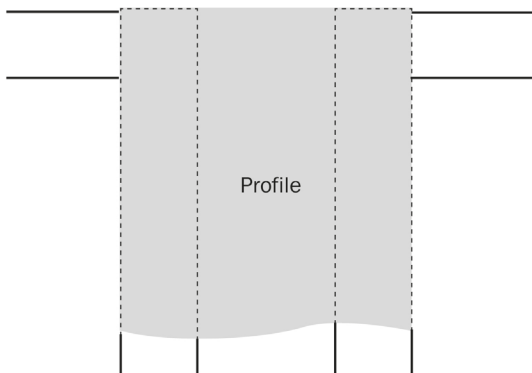

Planning Considerations

End and mid larder profiles – 1942 & 2122mm

Ensure cabinets are perfectly aligned and level before fitting profiles.

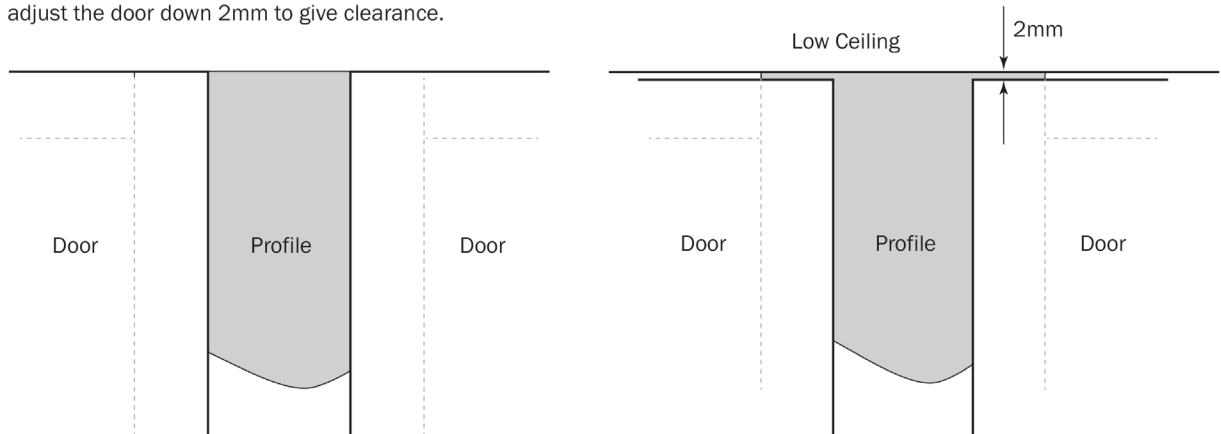

Profiles must be fitted flush with the top edge of the cabinet end panels.

Fit the top door first so it is flush with the top edge of the profile.

NOTE: If you have a low ceiling height which is touching the top of the profile, adjust the door down 2mm to give clearance.
